TRIC

New Citroën ë-Dispatch – 100% electric offers you the same modularity, interior space, loading capacity and driving aids as the established Citroën Dispatch range. New Citroën ë-Dispatch is also available in two lengths, including MWB making it the ideal choice for city centres and their increasingly-common low-emission zones. You'll find the perfect van to meet your business needs in our comprehensive range.

**Dependent on version. **On a rapid 100 kW charger.*

ELECTRIC POWERTRAIN

Enjoy immediate torque available for performance and a smooth, jerk-free ride. The electric motor electric Citroën ë-Dispatch, provides power of 100kW, the equivalent of 136hp, and a maximum speed of 130km/h.

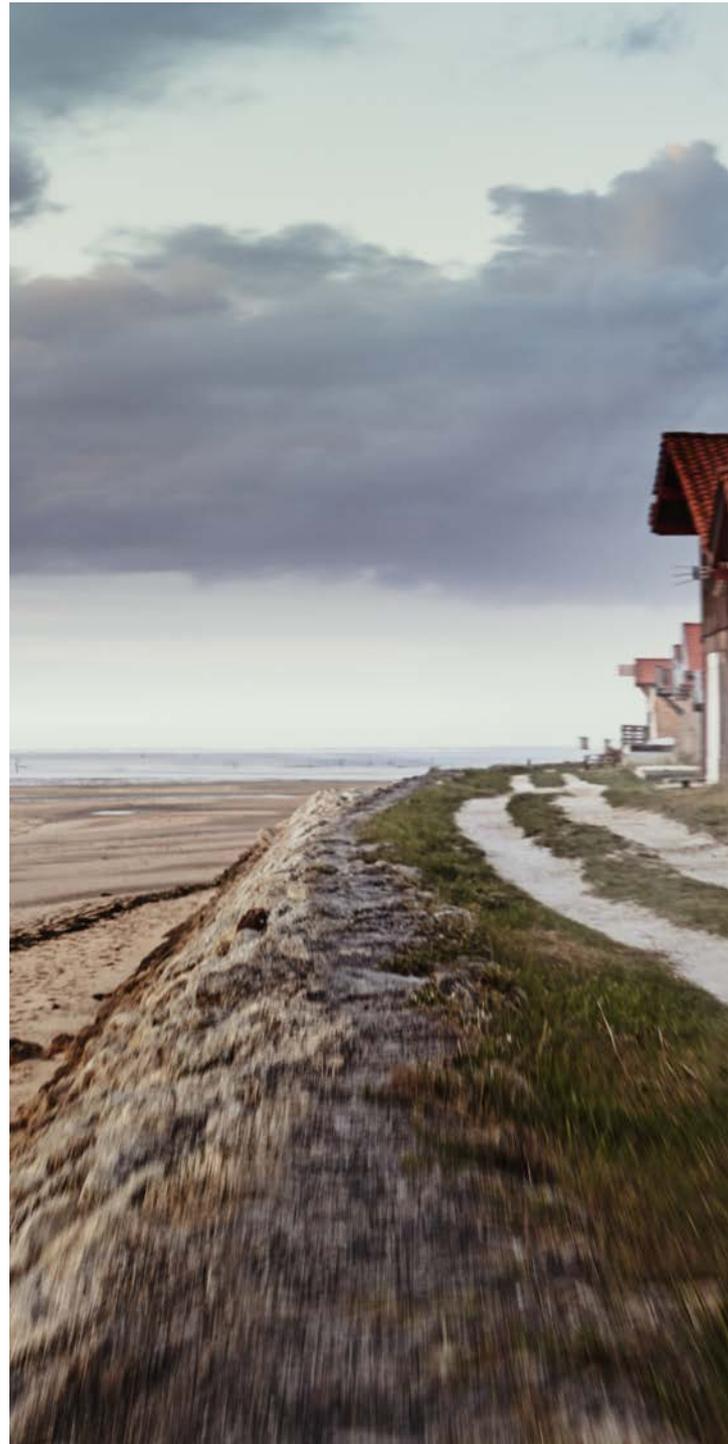

Three driving modes are available: Normal to obtain the best compromise between range and dynamic performance; Eco to optimise energy consumption; and Power to maintain identical performance to the unladen vehicle, even with the maximum load.

Particularly comfortable due to absence of noise and vibrations, Citroën ë-Dispatch is also easy to use: a selector placed on the centre console, controls the two backlit push buttons: P to activate Parking mode, B to activate Brake mode. To note, the "Brake" mode increases the deceleration of the vehicle without pressing on the brake pedal and thus recovers energy for the battery.

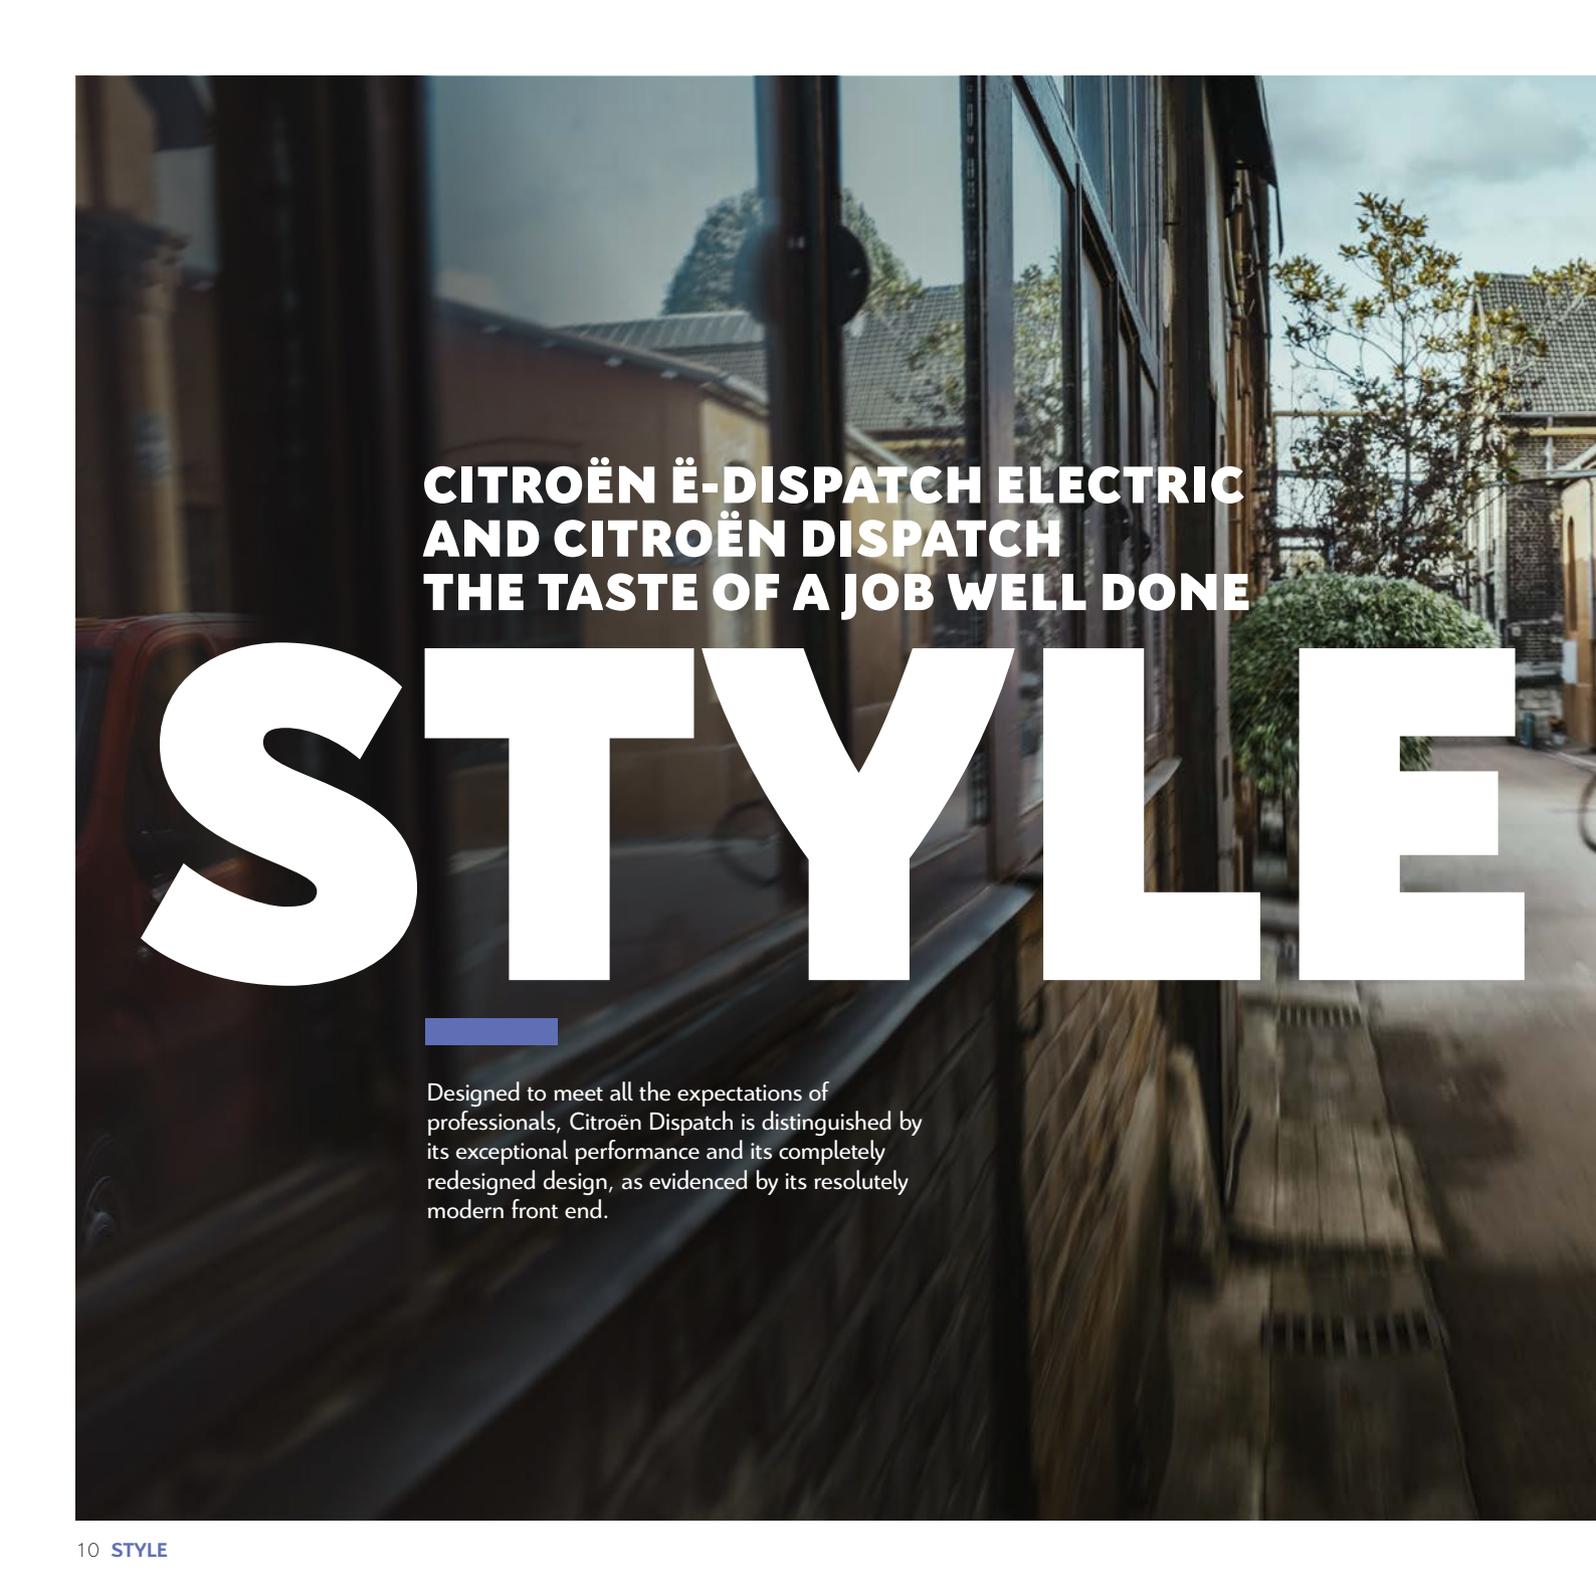

DIESEL ENGINE

Citroën Dispatch offers engines of 100 to 140 hp, all equipped with BlueHDi technology. This new generation of Euro 6.3 BlueHDi diesel engines offers “Best in Class” fuel consumption and CO2 emissions levels in the segment.

**CITROËN E-DISPATCH ELECTRIC
AND CITROËN DISPATCH
THE TASTE OF A JOB WELL DONE**

STYLE

Designed to meet all the expectations of professionals, Citroën Dispatch is distinguished by its exceptional performance and its completely redesigned design, as evidenced by its resolutely modern front end.

GOING LOWER

Citroën Jumpy displays a height content of 1.90 m* which allows it access to underground car parks, dwellings, centers commercial and airports. A real asset for vehicles of this category.

** Available on sizes MWB and LWB for Diesel and e-Dispatch. Not available with an increased payload option.*

AVAILABLE IN 100% ELECTRIC

THE POWER OF TWO

The modular platform means that Citroën Dispatch is available in two lengths. The MWB is 4.95m and LWB is 5.30m.

 AVAILABLE IN 100% ELECTRIC

MODU- WORK

To maximise the space and versatility in Citroën Dispatch, Moduwork® provides a load-through bulkhead and folding side passenger seat. This extends the load length in LWB versions up to a full 4m. You'll also find

an anti-shift net in the cab for use with long loads for extra safety. The interior of Citroën Dispatch also converts seamlessly into your mobile office. The central armrest incorporates a pivoting table with a sturdy elastic retainer that's ideal for securing your tablet or laptop. You can add holders for smartphones and tablets from the range of dedicated accessories. This is an interior that offers genuine comfort too, with plenty of legroom for all passengers – even more in versions with the piloted manual gearbox.

 AVAILABLE IN 100% ELECTRIC

SERIOUSLY ACCOMMODATING

Offering up to 6.6m³ of flexible load space, Citroën Dispatch is designed to carry everything you need, safely and securely. On LWB versions, the rear doors can be specified to open to 250 degrees, which makes working in cramped conditions much easier. Inside you can choose between unfinished wood* or treated wood ply-lining*, which is anti-slip, waterproof, easy to clean and well protected by aluminium sills. There is a range of ply options, designed to protect the floor or the whole load area, including side panelling and wheel arches. To complete the practical picture, there is a 12V socket positioned near the back of the cargo area on all versions, and an optional* tow hitch that can pull up to 2.5 t**.

*Optional extra.

** According to gross vehicle weight [GVW] limit.

CITROËN DISPATCH	 UP TO 6.60m³	 UP TO 2.50 t	 UP TO 1.40m
	 UP TO 4m	 UP TO 1400 kg	 UP TO 1.258m
CITROËN É-DISPATCH	 UP TO 6.60m³	 UP TO 1t	 UP TO 1.40m
	 UP TO 4m	 UP TO 1262kg	 UP TO 1.258m

AVAILABLE IN 100% ELECTRIC 

ON YOUR SIDE

Citroën Dispatch maximises accessibility and ease of loading through its core design and innovative details. Equipped as standard with two sliding side doors, it will easily accommodate up to 3 Euro pallets* thanks to its 93cm opening*.

** MWB and LWB versions*

WORKING COMFORT

YOUR MOBILE OFFICE

The interior of Citroën Dispatch has been carefully designed to provide a comfortable office on the move. Lower the central armrest and you'll find a pivoting writing table* that's perfect for supporting your notebook or laptop. Built into the centre console is an ingenious tablet holder** which folds down over the dashboard to give you fingertip access to your tablet. Created to accommodate tablets up to 11 inches, it can be charged from the USB port. On the driver's side, you can also specify a neat smartphone holder** with integrated power cable: this really is a space designed around the needs of working on the move.

* Available with Moduwork.

** Available as an accessory.

AVAILABLE IN 100% ELECTRIC

DRIVING COMFORT

FINE-TUNED WORK SPACE

Settle into one of the three front seats in Citroën Dispatch and you'll instantly feel at home: they're ergonomically shaped to support you and deliver a spot on driving position. Adjustable for height and reach, the driver's seat gives a commanding view of the road and high mileage comfort. A moulded step ensures easy access to the cabin time after time. To further enhance the interior, you can specify the bulkhead with an optional window and insulating material* which keeps the cockpit snug and reduces road noise too. It's a really important detail that you'll appreciate every working day.

New Citroën ë-Dispatch – 100% electric offers you a new level of comfort thanks to its smooth road holding, the instant acceleration of its electric motor and its quiet driving.

** Available on Crew Van versions only.*

AVAILABLE IN 100% ELECTRIC

A man with a beard and mustache is shown in profile, driving a vehicle. He is wearing a dark blue sweater over a light-colored collared shirt. His hands are on the steering wheel. The background shows a window with a brick wall outside. The word "TECHNOLOGY" is overlaid in large, white, bold, sans-serif capital letters across the center of the image.

TECHNOLOGY

CITROËN CONNECT NAV

The latest-generation 3D connected navigation system of New Citroën è-Dispatch can be operated either with voice commands, or the 7" touch screen*. It uses Tom-Tom Traffic to deliver real-time traffic information, service station and car park locations and details, and weather information. It also provides visual and audible warnings of problem areas** on your journey.

The 7" touch screen and the My Citroën application allow you to programme the charging of New Citroën è-Dispatch – 100% électric in order to benefit from off-peak hours, and to pre-condition the temperature of the passenger compartment.

CITROËN CONNECT PLAY

The Mirror Screen function***, which is compatible with Apple CarPlay™ and Android Auto, enables you to use compatible applications on your smartphone by reproducing them on the touch screen for easy access.

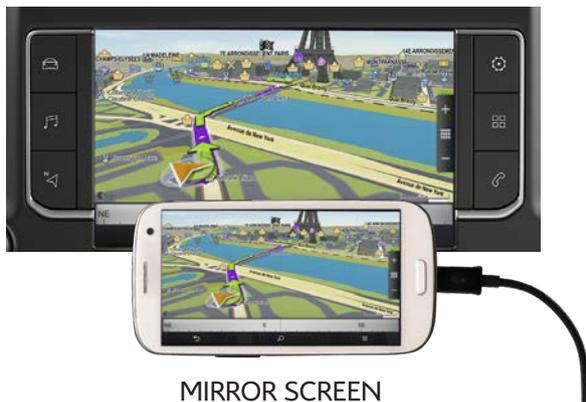

CITROËN CONNECT ASSIST

This service includes a completely free and without subscription geolocated emergency and assistance call system, 24/7. The appropriate emergency services are called automatically or when an occupant of the vehicle presses the 'SOS' or 'Assistance' button.

* As standard or optional according to version.

** Available according to the law in the country where the vehicle is being driven.

*** Requires a compatible smartphone.

MIRROR SCREEN

*Dependent on version.

AVAILABLE IN 100% ELECTRIC

EASY RECHARGING

New Citroën ë-Dispatch – 100% electric sets itself apart with its emphasis on ease of use. There are three battery-charging methods, as well as a complete ecosystem of practical services. The charging flap is located on the front left wing and incorporates an LED so you can visually monitor the process. Note that Citroën guarantees the electric battery for eight years or 160,000 kilometres, for 70% of its charging capacity.
