DELIVER 9**

MAXUS DELIVER 9 RANGE

THE PURE DRIVING EXPERIENCE

MANUFACTURER

Innovative, thought-leading, and future-focused, Shanghai Automotive Industry Corporation (SAIC) is the largest automotive group in China, and is the name behind the MAXUS (formerly LDV) brand.

Based in Shanghai, SAIC produces almost seven million vehicles each year for both domestic and international markets and is a Fortune Global 500 listed company with almost 100,000 employees.

With a long history tracing back to the 1940s, SAIC saw real growth from the mid-1980s onwards following a number of partnerships that allowed it to produce competitive vehicles by utilising the latest technology.

The company has a number of well-known brands within its portfolio including, since 2010, the acclaimed MAXUS range of LCVs. SAIC has invested more than €2 billion in this brand, with a strong focus on safety, innovation and the introduction of new products to the range, including a suite of EVs that are already setting the standard for the future of eco-fuelled commercial motoring.

Since acquiring LDV, these LCVs were manufactured under the MAXUS moniker for the home market in China in addition to selected left hand drive markets in Europe such as Spain, Belgium and The Netherlands. In April 2020, LDV rebranded as MAXUS across right hand drive Europe, coinciding with the launch of the all-new eDELIVER 9 and the newest EV in the brand's stable, the eDELIVER 3, thereby consolidating the brand's presence across Europe, China and beyond.

With an even brighter future ahead, SAIC's key areas of development are electrification, car sharing, connectivity and globalisation. Today, there are eight major automotive groups within SAIC, including SAIC MAXUS.

SAIC's vision is to continue to build an innovative, globally-recognised company that pioneers the future of the automotive industry, actively promoting new energy vehicles.

DISTRIBUTOR

You are the expert in your field but when it comes to automotive expertise, The Harris Group is here to guide you through your search for the right vehicle for your business. One of the longest-established automotive distribution and assembly companies in Ireland and the UK, The Harris Group was founded in 1961 and is an industry leader in the commercial and fleet sectors.

The privately-owned company is best known for its commercial vehicle brands that include Hino, Sinotruk, Higer, Isuzu, AOS and Crusader. In 2016, The Harris Group acquired the distribution rights to MAXUS (formerly LDV) across right hand drive Europe and the range of LCVs, which includes market-leading electric vehicles, has taken the market by storm.

The Harris Group has developed an unrivalled reputation for service excellence in the UK and Ireland, which comes from almost 60 years of experience. Harris is the distributor for the MAXUS range of vehicles in the UK, Ireland, Channel Islands, Isle of Man, Malta and Cyprus.

OUR NETWORK

With a strong dealer network of dedicated and experienced commercial vehicle specialists, we offer the highest standards of expertise whether you are looking to buy one van or an entire fleet.

Following a high-profile relaunch of the LDV brand in 2016, Harris is continuing to build its network across all right hand drive markets in Europe.

Today, the Group represents the MAXUS range in a total of seven territories, including the UK, Ireland, Channel Islands, Isle of Man, Malta and Cyprus, with the company focussed on a big drive to expand the dealer network throughout the UK.

Every dealer within the company's network operates with a strong focus on after-sales activities, thereby ensuring complete customer satisfaction.

Check out www.saicmaxus.co.uk to find your local dealer.

HIGH EFFICIENCY AND LOW CONSUMPTION

- New Euro 6V1e D20 Engine
- 150 PS @3500 RPM
- 375Nm
- WLTP compliant
- Advanced ECO-Technology
- DPF warning indicator
- Quieter NVH Solution

MAXUS DELIVER 9 offers the pure driving experience. Ask yourself, what's essential to you or your drivers' needs as they go about their daily business? If the answer is outstanding performance, high efficiency and superb reliability, no matter what the weather conditions, you've found your perfect match.

1. 2000 bar High Pressure Fuel System

2. Variable Swirl Valve

3. VGT Turbo Charger

4. HP-LP EGR Models

5. Water-Air Cooler

6. Split Cooling System

7. Off-Set Crankshaft

8. Two-Stage Variable Displacement Oil Pump

STORAGE SYSTEM

The new MAXUS DELIVER 9 offers all the storage you need to keep your space neat, organised and completely manageable as you go about your working day. There really is a place for everything. In addition to your glove box and a large deep storage space in the doors for water bottles, there are plenty of extra spaces that you won't even know you needed until now. You'll find storage space under the bench seating in the vehicle as well as a practical foldable seatback with two cup holders and a tablet holder. The dashboard includes cup holder storage along with a selection of other storage options above the glove box and windscreen visor.

- USB port and mini jack port¹ (driver and passenger)
- Storage space under the bench seat
- Foldable seat back with cup holders and tablet holder
- Storage compartments in the doors
- Cup holder (driver and passenger)
- 12 V power socket
- Overhead storage on medium and high roof vans
- Sophisticated storage system with compartments
- Deep door water storage holders

Under Seat Storage

Laptop and Cup Holder Rest

Glove Box Storage

Large Side Door Storage

The Infotainment System takes the MAXUS DELIVER 9 driving experience from ordinary to extraordinary

Both the MAXUS DELIVER 9 and DELIVER 9 Luxury Model offer a pure driving experience that any van driver will appreciate. Professional drivers have busy and often long days, and this is why the DELIVER 9 cabin area offers all the comfort and practicality of a mobile office space.

Packed with cutting-edge technology and practical features, you'll have everything you need and all operated at the touch of a button on a 10 inch touch screen. In addition to radio, the high spec includes USB ports for both the driver and passenger, so you can always remain connected whether

by laptop or by simply hooking up your smartphone to the system. A ready-to-go mobile office space. Use mirror link to access all your apps and emails, apple carplay™ and android auto adaptable.*

MULTI-FUNCTION STEERING WHEEL

CRUISE CONTROL SPEED LIMITER

Cruise Control allows you to set the cruising speed and keep it constant. The Speed Limiter allows you to set the maximum speed that the vehicle can reach, increasing safety and reducing the risk of violations. When the accelerator pedal is fully depressed, the driver can exceed the limit set for specific overtaking manoeuvres.

MAXIMUM COMFORT, MAXIMUM CONTROL

For the professional driver, we know how important a relaxed, comfortable space is as you go about your business. In the MAXUS DELIVER 9, comfort is paramount.

With our ever-changing climate, the importance of a good air conditioning system was always going to be a factor when it came to designing this vehicle. The DELIVER 9 models include manual air conditioning for your comfort and the comfort of your passengers. The variable control of the air conditioning system ensures that the temperature can be adjusted to the desired level easily and quickly. So you can always rely on a pleasant work environment, whatever the weather.

The DELIVER 9 gives ease of all controls at hand like cell phone, cruise control, speed and audio.

DRIVERS' ENVIRONMENT COMFORT AND SAFETY

The DELIVER 9 offers eight adjustable driver seat options ranging from standard to comfort, with added lumbar support and armrest. Seating covers are built for comfort and durability and come in knit/grey heavy duty, hard-wearing fabric.

SIX AIR BAGS

Occupant safety is paramount in the DELIVER 9 with six airbags as standard, side & window curtain airbags in addition to driver and passenger front airbags.

Reverse parking sensors are standard fitment on DELIVER 9. Optional high mounted reversing camera with on screen guidelines in addition to front and rear parking sensors increase visibility and ensure safer parking (standard on Lux Model).

HUB CAPS AND RIMS

Steel centre caps on the standard DELIVER 9 and alloys on the luxury DELIVER 9 model.

COMPREHENSIVE SAFETY AS STANDARD

At MAXUS, safety is paramount and the DELIVER 9 meets all European commercial vehicle collision design standards.

Advanced driver assistance system as standard with the latest generation of Bosch 9.3ESP Electronic Stability Program and delivers comfort and peace of mind in any situation.

LCA Lane Change Assist + BSD Blind spot detection gives the driver the extra eyes when on route.

TRACTION CONTROL
TCS (traction control system) has been deactivated.

START/STOP WARNING
Informs the driver that Intelligent Stop / Start system is active and the engine has been shut down.

LANE DEPARTURE WARNING
Vehicle is detected to be moving out of its current lane with out signalling.

AUTOMATIC EMERGENCY BRAKING (AEB)
AEB system is turned off or when the radar sensor or cover is blocked with dirt or snow. Light means it has been deactivated.

ECO DRIVING INDICATOR
Eco function is activated.

PWR DRIVING INDICATOR
Power mode function is activated.

LANE CHANGE ASSIST BLIND SPOT DETECTION
Turns on when the lane assist system is switched on and road markings can be detected.

REVERSING CAMERA

LOADING COMPARTMENT

The DELIVER 9 offers a practical and efficient load area. Features include a heavy-duty steel bulkhead and rear doors that can be opened to 260° for ease of loading with a forklift, while the low rear step makes it easier to load cumbersome items. Eight heavy duty lashing rings help to secure heavy loads. Grab handles are ideally placed to assist when loading and unloading from the wide rear and side loading doors, and there's even an LED illuminated load compartment, which is great for those dark nights.

MAXUS

THE PURE
DRIVING EXPERIENCE

BSD + LCA-BASE VERSION
The Lane Departure Warning System can determine whether the van is changing lane, even in low-visibility weather conditions. In the event of danger, an acoustic and visual signal alerts the driver of the potential impending threat.

STRUCTURE
9.2m laser welding, the longest in the industry. 54% high-strength steel and PHS. Accumulated 2 million kilometres of whole vehicle full environment test verification.

HIGH BEAM RECOGNITION
This manages the activation and deactivation of the main beam headlights, increasing visibility and reducing the risk of dazzling when driving at night, automatically recognising vehicles driving in the opposite direction.

ELECTRIC HEATED SIDE MIRROR
Heated electrically operated door mirrors ensure great rear visibility in all weather conditions.

TRACTION
Traction control system that improves the vehicle's traction on the most challenging surfaces with poor grip. Under conditions of low grip from any drive wheel, the control unit detects slipping and brakes it, transmitting the drive torque on the wheel with brakes, grip on the ground. In this way, the vehicle's performance is more comfortable.

TAKE YOUR PICK

3 years paint warranty
10 years anti - corrosion warranty

MAXUS continuously invests in the use of new materials, state-of-the-art painting and cutting-edge manufacturing processes to ensure our vehicles deliver for our customers today, tomorrow and for many years to come.

DELIVER 9

CUSTOM VEHICLE OPTIONS

If your business requires a bespoke vehicle to match your specific working environments, MAXUS has a network of specialist converters that will work with you to create the conversion that best suits your needs. Whether an electric vehicle, drop side, tipper, ambulance, wheelchair accessible minibus or camper van, MAXUS offers you the choice to work with our in-house teams or one of our nationwide dealers or converters. Whichever avenue you choose, MAXUS will work with you through the entire process, from design to delivery, letting you concentrate on more important business - your business.

Working with MAXUS offers your business the reassurance and guarantee that each and every step of the way your design needs will be dealt with by professionals in this field.

MAXUS SERVICES

Warranty

5 Years Warranty

Your vehicle is covered by a warranty package for 5 years or 125,000 miles (200,000 Kms) from date of first registration. Your MAXUS Dealer or MAXUS EV Dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by MAXUS. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 10 years. For full warranty terms and conditions please visit MAXUS website /warranty.

MAXUS Assist

5 Years MAXUS Assistance

Should you need it, we'll provide emergency roadside repairs or recover you to the nearest MAXUS Dealer or MAXUS EV Dealer. This service is available 24 hours a day and is provided for 5 years or 125,000 miles (200,000 Kms) from the date of first registration, whichever comes first. Assistance is provided within the UK & Northern Ireland only at roadside and home and includes national recovery to nearest dealer or Home dealer. Assistance applies to mechanical or electrical defects which are covered by warranty.

Service Intervals

DELIVER 9 Diesel Service: 3 months free inspection. Then 12 months or 18,645 miles (30,000 Kms) thereafter. MAXUS Dealer Network Services. No-one is better placed than MAXUS to maintain, fit and repair your Deliver 9 fast. MAXUS Dealers repair and maintenance and offer a full year's guarantee on Original MAXUS Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

MAXUS Auto care

MAXUS Auto Care is an innovative Service, Maintenance & Repair product that supplies business customers with a fully supported, hassle-free service and maintenance package. MAXUS Auto Care is a "Pay-As-You-Go" product that ensures your vehicle is maintained by MAXUS technical experts when work is required.

MAXUS Auto Care provides the following benefits:

- Full service, maintenance and repair cover
- Tyres can be included within the contract at an additional fixed cost
- Ancillary equipment can also be included (at an additional fixed monthly cost)
- Excludes: Damage/Neglect/Abuse/Glass and bulbs
- A fixed, pre agreed pence per mile rate
- No excess mileage charges at the end of the contract
- No pooled mileage administration
- Minimises downtime
